WU'S APATHY TO CHANG'S MOVES IS DUE TO CONTEMPT

Chihli Leader Knows Foe's Position Is Hopeless

'FRONTIER' MYTH

Fengtien Positions Are Altogether Untenable

BY JOSEF W. HALL
Staff Correspondent the China Press

Paotingfu, May 26.—While newspaper agencies were speculating upon the political and economic position of an independent Manchurian kingdom with the Lan River as its southern boundary, Chang Tso-lin inconsiderately left them up in the air by his precipitate withdrawal through the Great Wall.

Many possible reasons as to his sudden retreat have been advanced. Some have said that he was driven out by foreign pressure. Others that newspaper reports of Wu's encircling movement scared him and still others that his position was actually made untenable from military standpoint by the opposing forces. Yet others are inclined to believe that his plight was simply a case of unreasonable panic on the part of defeated officers and men. There is another class who endeavor to explain the entire debacle by saying that Chang's own men sold him out but this is so evidently propaganda that it is not worth attention.

It is true that Chang's flank and even rear were threatened by a military force. It has just been discovered, however, that this force, except for a small body of Christian soldiers who constituted its backbone, did not consist of Chihli party troops. It was made up of scratched together contingents of the troops of the Luchunpu or Ministry of War, commonly known as President Hsu's troops, together with the various small forces of the two occupation commissioners of North Chihli.

About 15,000 men from the First, Ninth and Thirteenth Divisions, the Yichun and ex-Tutung of Suiyuan Tsai's First Division, which General Ma Fu-hsiang has been gradually shipping out of that territory to Peking, together with some troops of the Second Division, and miscellaneous garrison forces, have proceeded overland from Peing and Tungchow along the old military road, northwest through Taohua. One force has remained on the banks of the upper Lan River, ready to strike down the Lan Valley, while another has crossed the river and passed through the Great Wall, northward to Ping Sung, which is on a parellel considerably north of Chinchow and affords a convenient position from which to strike at the Peking-Mukden Railway anywhere along the sector which parallel Liaotung Bay.

It will thus be seen that Chang Tso-lin's position at Luanchow is hopeless and that any position which he might endeavor to maintain about Shanhaikwan would be under serious menace. The apparent casualness of General Wu Pei-fu, while the press has been under great concern over Chang Tso-lin's apparent stand, is explained by this situation and the puerility of all talk regarding political and economic frontiers of Chang Tso-lin's independent kingdom, is manifest in view of the fact that pro-Chihli forces are at the moment of writing in strategic position, a full fifty miles north of the Great Wall.

"Developments Are Imminent"—Reuter

(Reuter's Pacific Service)

Peking, May 29.—While Peking is endeavoring to reconstruct the Cabinet on lines satisfactory to those principally concerned in retaining the important posts, General Wu Pei-fu has steadily gone ahead with his military task and important developments are imminent. Three Chihli columns are converging against the enemy. On May 25, 10,000 Chihli troops with two divisions, the strength of which is not known, passed Tangshan going to Luanchow while 30,000 soldiers under the command of General Wu Wen-kai in the region of Kungpingtu intend to march to Changli. The third column conservatively estimated at 9,000 mixed troops will march to Chinchow from Jehol later. A

STORY OF CRANE TRIAL IS DENIED AT QUAI D'ORSAY

Former Minister Here Also In Dark, He Says

(Reuter's Service)

London, May 27.—The sensational story spread broadcast by an American paper that Mr. Crane, former American Minister at Peking, had been sentenced to twenty years' imprisonment by a French court-martial at Damascus for inciting Syrians to revolt, has been denied by Mr. Crane.

In an interview with the Paris correspondent of the New York Herald he declared that "the report is quite untrue. No communication of any judgment passed by any tribunal has reached me. I had no quarrel with any French official at Damascus, Paris or elsewhere. It is most regrettable that currency has been given to a story which is calculated only to annoy the French people."

Nothing is known at the Quai d'Orsay concerning the reported sentence on Mr. Crane.

JAPANESE MAY TAKE SOLDIERS OUT OF HANKOW

Exact Date Of Evacuation Not Yet Fixed

(Eastern News Agency)

Tokio, May 28.—The question of the withdrawal of the Japanese garrison from Hankow was placed before yesterday's Cabinet meeting, when all the Cabinet Ministers, with the exception of Lieutenant General Yamanashi, Minister of War, unanimously approved of the question.

With regard to the exact time for the evacuation, it is expected to be definitely decided after the Minister of War has returned to Tokio from his journey.

It is learned on good authority in this connection that the withdrawal of the Japanese garrison from Hankow had been designed by the Japanese Government before the Washington Conference adopted a resolution to withdraw all foreign garrisons from China, and that the only question with the Japanese Government has been regarding an opportune chance for the evacuation.

That the Government has actually come to the conclusion to withdrawal of the Japanese garrison from Hankow before long, is being looked upon by the public as a proper right measure on the part of the Government.

EX-SERVANT OF TIGER MANDARIN INJURES NINE

Crazed At Discharge Attacks Concubines He Thought Responsible

Nine concubines, children and maid servants of the "Tiger Mandarin," Tsen Chuan-hsuan, former viceroy of Kwantung were more or less severely injured early Sunday, when a half crazed former body guard, recently discharged after twenty years service, ran amuck in the "Tigers" home with a meat chopper. The guard, Wei Yuen-ding, believed two of the "Tiger's" concubines to be responsible for his discharge. He entered the rooms occupied by the concubines, four children and three maid servants, screamed a song of hate and hacked away at the occupants promiscuously.

All received gashes more or less serious including the mandarin's seventh son, aged three, and the left arm of one of the maid servants was almost completely severed at the wrist.

Police from the Bubbling Well station, called to the scene, found the maid servant lying in a pool of blood in the room and removed her to a hospital. The others were treated at home by a physician. Tsen, himself, is said to have escaped by rushing into an adjoining room and barring the door.

Wei then escaped from the Gardens and attempted to commit suicide in his home at 1409A Sinza Road by swallowing kerosene. He was traced and arrested by Detective Sergeant McDermott and arraigned in the Mixed Court yesterday morning. The case was remanded pending the recovery of the maid-servant.

Tsen immediately dispatched telegraphic reports of the affair to Civil Governor Wong at Nanking, and General Ho Feng-lin, Military Governor of Sungkiang and Shanghai, requesting that Wei be extradited to be tried before a Chinese Court.

The meeting was attended by Major-General Kono, Captain Mizuno, I.J.N., Mr. Tagawa, M.P., Baron Ishimoto, Dr. Yoshino, Professor of the Tokio Imperial University, Mr. Saburo Shimada, veteran liberal leader and orator, and Mr. Yukio Ozaki, the champion of armament limitation.

Ceremonies At Cemetery This Morning

HONGS TO CLOSE

Consul General Cunningham Master Of Ceremonies

The American community of Shanghai will observe Memorial Day today, a parade of American members of the S.V.C., marines and sailors and exercises at Bubbling Well Cemetery being the principal part of the program.

The address of the day, to be delivered this morning at the cemetery, will be given by the Rev. C. L. Boynton. The address was to have been given by Capt. Richardson, of the U.S.S. Albany, but it was announced yesterday that the ship will not arrive in time.

The program begins with the parade of American S.V.C. men, sailors and marines, which will leave the Race Course at 8 a.m. The ceremony at the cemetery will commence at 9:15 o'clock and will be simple in nature. United States Consul-General E. S. Cunningham is to be master of ceremonies and the opening prayer will be delivered by the Rev. Luther Freeman, pastor of Community Church. Music by the Municipal Band will follow and then will come the address by Mr. Boynton.

SAFETY DEVICES FOR TRAM CARS URGED BY COURT

Two Inquests In Single Morning Bring Comment By Magistrate

The need of safety devices to prevent the ever increasing number of tram car accidents was emphasised by British Assessor Mead and Magistrate Li of the Mixed Court yesterday after they had presided at two inquests in connection with Chinese killed by stepping from moving cars.

The inquests concerned a Chinese woman of 50 who fell from a car on the Bund on May 22 and an unidentified male Chinese, also about 50 years of age, who died at St. Luke's Sunday as a result of a fall from a car on Yangtszepoo Road.

When the second hearing had been concluded the Magistrate spoke for some moments to the Assessor and Assessor Mead remarked:

"This is the second case of its kind which we have inquired into this morning. There seems to have been a number of these cases and there has been some correspondence in the papers recently with reference to having automatic doors on tram cars here. I do not know whether it is feasible or not."

Mr. Muir, representing the tramway company, remarked that it would be rather difficult with Chinese passengers.

The Magistrate again spoke to the Assessor.

"The Magistrate says," stated the latter, "that in Tientsin they have a way of shutting the passengers in so that they cannot alight while the car is in motion. Possibly the tramway company here may think it advisable to adopt something of the sort."

ENLISTED FISH TO WAGE WAR ON SKEETERS HERE

Philippine Official TO Introduce Submarine Warfare

Shanghai is soon to have a new means of waging war on mosquitoes, according to announcement made yesterday by Dr. Alvin J. Cox, formerly director of the Bureau of Science, government of the Philippine Islands. Dr. Cox plans to introduce in the ponds and irrigation ditches about Shanghai a number of so-called mosquito fish (Gambusia affinis), which have been particularly effective in helping to exterminate the mosquito in Manila. The first shipment of the fish will arrive here Saturday on the Pine Tree State from Manila and will be introduced in ponds near Dr. Fearn's Sanitorium and Dr. Mary Stone's Hospital.

This fish, the adult of which is about five centimeters (two inches) in length, thrives in rice paddies, swamps and ponds in fresh or brackish water. Its favorite food is the eggs and young of the mosquito. By actual count, one of the fish ate 500 mosquito larvae in twenty-four hours.

The Gambusia affinis is a native of Florida. It was brought to Manila in 1913, by way of Honolulu, and is now extensively used in both Honolulu and Manila in the work of mosquito prevention. It breeds very rapidly, and quickly adapts itself to varying climatic conditions. Dr. Cox, who is now a resident of Shanghai, expressed the hope that the eventual introduction of this species into all the streams near Shanghai will secure a permanent eradication of mosquitoes.

The Mayor obliged, and here they are, up to their waists in water and up to their necks in matrimony.

Patriotic Pilgrimage Has Distinct Picnic Flavor

By Elsie McCormick

The line between a pilgrimage and a picnic is as fine as the floor-beams of a spider's home. A few centuries ago pilgrims basted shells to their shoulders so that people would not mistake them for picnickers. Apparently it was difficult to tell them apart, for the pilgrims were not averse to taking advantage of picnic excursion rates or of warming up to somebody's ice-cream freezer if the occasion was propitious. Judging from our modest dippings into the lore of the Middle Ages, the chief difference between picnickers and pilgrims was that the pilgrims always lived off of other people's lunch-baskets.

Last Sunday, the local post of the American Legion held its annual pilgrimage to the grave of General Frederick Ward at Sungkiang. As pilgrimage, however, it was a good picnic. The pilgrims broke the rules both by failing to wear shells and by bringing their own lunches, a practice which their thrifty predecessors of the Middle Ages would have considered nothing short of appallingly heretical.

Instead of taking three steps forward and one backward, the pilgrims rode to Sungkiang in a private car. Luxurious transportation ended at this point, however, for the streets of Sungkiang are not adapted to ricshas and anybody who tries riding in one finds jars enough to equip a preserve factory. When a street that is folded into stone steps meets a ricsha without rubber tires, the passenger either walks the rest of the way or goes home on a shutter.

PLEASANT CITY

Sungkiang itself is a pleasant little city composed of equal parts weeping willow, canals, shops, half-moon bridges and waving bamboo. Judged by visual standards, it is a total success. Anybody with an artistic eye and a bad cold would appreciate it immensely. Its chief industries seem to be dealing in fish which should have been retired from circulation some years ago, which is unfortunate because piscatorial mortuaries are never pleasant places to spend a day.

The tomb of General Frederick Ward, the thirty-year-old soldier of fortune who saved Shanghai from the Tai'pings, is on the outskirts of the city enclosed behind a little white temple and a wall. A gold-lettered blue tablet stands under a red wooden canopy, and long boards announce "A wonderful hero from beyond the seas. The fame of his deserving loalty enriches the world. He has poured his azure blood upon the soil of China. A happy seat among the clouds and temples lasting for a thousand Springs commemorate his faithful heart." Before the tablet the Chinese had lighted two red candles and a bundle of smouldering punk. It was in front of this informal altar that the commemoration service and eulogy took place, a strange ceremonial mixture of Christian prayer and Oriental reverence for departed spirits.

GENERAL'S GRAVE

Behind the little white-washed temple is an enclosed space containing the large earth mound that covers the remains of General Ward and a smaller mound that covers the body of his pet dog. Although the life of General Ward is known in detail, biographical data concerning the dog seemed to be at a premium. The fact that the Chinese buried the pet near his master points to an unusual story, for the role of faithful comrade is not usually the part in which local canines are cast. It is only birds which seem to rate that much attention.

After prayer by Reverend C. J. Bushey and brief addresses by Consul Jacobs and Mr. S. K. Chen, Major Holcomb outlined the biography of the American soldier of fortune. According to our understanding of his life, General Ward was a survival from the heavily-armored days when every man was necessarily an adventurer because he always found an adventure waiting for him not more than a block away from the ancestral manor. Having been born several centuries after the time best adapted to his life, the young American became bored by the too-peaceful world and proceeded to look for the turmoil that would rightfully have been his if he had only lived in the age when every man was his own infantry and tank corps.

He made a voyage to China at the age of fifteen; served in an unnamed army during an obscure South American war; found further trouble in Nicaragua, is rumored to have carried a gun in Crimea, and later came back to China, where he

Edwin Denby, Secretary of the Navy, with perhaps a number of graduates of the Class of 1881 of Annapolis Naval Academy will arrive in Shanghai July 17 on the U. S. Navy transport Henderson. The secretary and his party will remain here four days according to wireless dispatches received by United States Consul General Cunningham yesterday. The party is now enroute Tokio where the annual class reunion will be held.

The annual class banquet will be held in Tokio on the night of July 4. Tokio Premier Asks Governors To Work Hard For Education

(Reuter's Pacific Service)

Tokio, May 24.—The annual Conference of Prefectural Governors opened yesterday. In the course of his speech the Premier, Viscount Takahashi, referring to the postwar tendency of national thought and labor problems, counselled prudence and judicious control of the people by the local authorities with due regard to the national character, national circumstances and traditional customs.

The Premier emphasised the importance of improving the national education as the safest means of realising required improvements in all directions, including the suffrage system.

Count Ogi, the Minister of Justice, spoke on the control of objectionable alien thought and the application of the revised criminal acts. He advised the Governors to be sincere and judicious in observing the new acts and controlling foreign ideas of dangerous tendency. He invited the special co-operation of the Governors in the successful application of the newly enacted Juvenile Court Law, which has in view the care of the so-called "State Children."

ANTI-FOREIGN OUTBREAK IN MACAO; MANY CHINESE SHOT

Portuguese Open Fire On Hostile Natives

'PATRIA' LEAVES

Gunboat, Now In This Port, Goes South Today

(Reuter's Pacific Service)

Hongkong, May 29.—A general strike of Chinese has been declared at Macao. All business is suspended.

Hongkong, May 29.—A telegram from Macao this afternoon reports that after a whole night's provocation on the part of the Chinese, a strike of an anti-foreign character commenced this morning. The Portuguese soldiers stationed at Chipseng averted a collision through the most prudent restraint. A collision, however, was inevitable at noon today, when through the hostile attitude of the Chinese, after a Portuguese officer had been attacked and disarmed, the Portuguese were forced and compelled to open fire in order to maintain order. Several Chinese were killed.

There are conflicting reports as to the origin of the disturbance. Martial law has been proclaimed.

Senhor Correa Silva, the Governor of Macao, who is at Hongkong on his way to Lisbon, is returning to Macao this evening. The Governor of Hongkong has placed a steamtender at His Excellency's disposal.

PATRIA ORDERED OUT

In view of the serious trouble at Macao the Portuguese gunboat, the Patria, which has been stationed at Shanghai for a week, received orders yesterday to depart immediately for Macao. In consequence, the warship will lift anchor at 4 o'clock today and sail at once for the troubled colony in the south.

The departure of the vessel will be a matter of great disappointment to the Portuguese residents of Shanghai, who had planned a series of entertainments for the officers and sailors of the Patria. All these, of course, were immediately cancelled when it became known that the boat had been ordered away from the port.

It is hoped that the Patria may be able to return to Shanghai later, at which time the program of entertainment that had been arranged will be carried out, probably with many additions.

Dongola Leaving For London Today

The Dongola, of the P. and O., which has completed repairs since the ramming by the Kumano Maru a week ago, is leaving for European ports today, mails closing at the British postoffice at 10 a.m. today. Following the Dongola, the next mail boat for Europe will be the Khyber, sailing Saturday.

Mail from Europe is due today on the French liner Azay le Rideau. This liner, from Marseilles, is due in Shanghai at 2 p.m. today.

Pootung Strikers Are Arrested Here

Several arrests were made in the settlement yesterday in connection with the strike of workers of the Nikka Cotton Mills in Pootung. The men arrested were circulating an appeal for financial assistance for the strikers. They carried circulars and bamboo containers such as have been used for making collections in tag day campaigns here.

There was no change in the strike situation yesterday, it was stated, but efforts are being made to strike a compromise between employers and the 3,000 employes who are out.

JOB FOR CHAO

(Reuter's Pacific Service)

Peking, May 26.—The appointment of Colonel Chao Chien-tsai, Military Commissioner of Eastern Chahar, as Tutung of Suiyuan, in succession to General Ma Fu-hsiang, is under consideration and will probably be carried out. Colonel Feng Shou-min, Commandant of the 2nd Chihli Brigade, will probably succeed Colonel Chao.

served as first officer of the imperial gunboat "Confucius." Afterwards he organised a land force to hold back the threatened invasion of Shanghai by the Taiping rebels, taking Sungkiang with a little force of men, a large proportion of whom were Filipinos.

General Ward's death at the age of thirty closed a career that seems especially picturesque because its type is becoming so rare. The D'Artagnans of the world are an ever-dwindling company, for the present organisation of warfare gives small scope to the individual and the steam patrols in all the highways of the sea have taken the glamor of inaccessibility from countries that once seemed as far distant as the moon. The heroism of tomorrow will be largely anonymous. When the detachment from the American Company, S.V.C., fired a volley over the grave, it memorialised the passing of a type that gave the world most of its romances and some of its gray hairs.

After the pilgrims had placed a wreath on the grave, and stood solemnly for the blowing of "Taps" they crossed the line between pilgrims and picnickers. The group withdrew to one of the municipal buildings, where Chinese who were admitted by ticket divided their time between being spectators at the local Boy Scout exhibition and watching the foreigners eat. For the rest of the afternoon, the Scouts scouted, the bridgeplayers bridged, and the restless members of the party wandered around trying to learn if there was a train out before 5:40.

We might have remarked previously that as a pilgrimage it was a good picnic.

"Developments Are Imminent"—Reuter

(Continued from Page 1)

telegram says that the Chihli troops are well supplied with artillery and have taken up a position east of the Luan River and that hostilities will probably occur in a few days.

General Chang Tso-lin has shown cognisance of the Chihli movements by sending 8,000 Fengtien soldiers to Changli, which had been abandoned, and hurried the departure from Liushowying of 500 Fengtien cavalry. At present 10,000 Fengtien soldiers are between Liushowying and Changli with another 10,000 at Shanhaikwan. This indicates that the Fengtien position at Chinchow has been recently strengthened and gives color to the belief of foreigners in that region that the Fengtien forces would soon retreat. The former says that the Fengtien forces at Shanhaikwan are in no mood to make a stand and would probably retire at the first sight of the enemy. The question as to whether General Wu Pei-fu would follow up the enemy to Chinchow or even to Mukden is already being discussed with the important question as to what would be the attitude of Japan if the Chihli forces threatened to attack General Chang Tso-lin in Manchuria.

Foreigners in Peking point out that the demoralised condition of the Fengtien forces offers an unique opportunity for the Central Government to recover Manchuria whereas if the Chihli forces were to abandon the chase it would be necessary for General Wu Pei-fu to retain a strong army at Shanhaikwan and that the independence of Manchuria would strike a blow at the heart of the reunification plans.

Tientsin, May 29.—A considerable number of Fengtien forces returned to Changli from Shanhaikwan today, some of whom fired on an Allied train on Friday, but did not inflict any casualties.

More Chihli reinforcements have left for the Northeast, but meanwhile General Feng Yu-hsiang's Christian Division has returned from Tangshan to Honan, owing, it is reported, to a large increase of bandits in Honan.

Canton, May 28.—The city is all excitement over the news from the forces now fighting in Kiangsi where a secure foothold now has been secured, according to a dispatch from General Li Lieh-chun who announces the capture of several hundred rifles, a battery of mountain guns and a score of machine guns with all supplies and ammunition.

The fight took place some 50 li over the border in Kiangsi province and was in the nature of a surprise attack. The Kiangsi forces had fortified the mountain passes facing the probable line of the Kwangtung advance. These positions were deemed almost impregnable.

But General Li did not attack the passes in force. Using only enough men to simulate a strong frontal move, he led his men by a detour through the mountains to the west coming up in back of the entrenched troops.

Upwards of 200 were left dead on the field while the remainder fled in disorder, throwing away their rifles and uniforms, toward their new base at Kanchow, the latest advance post of the Kiangsi forces which have their base at Kianfu, the former city being some 300 li from the passes where it was expected the Kwangtung forces would be held up indefinitely.

(Eastern News Agency)

Canton, May 28.—An ordinance dated May 27 has been issued in the name of the Generalissimo, appointing General Chen Chiungming Minister of War, as Pangpan of Military Affairs of Kuangtung and Kuangsi, at the same time ordering him to proceed to Kiangsi to subjugate the troops under Chen Kuang-yuan.

Canton, May 28.—A Shaokwan telegram dated May 27 from the Headquarters of the expeditionary forces states that as a result of a fierce battle fought on May 25 in Hsinchung near Hsinfeng between the Kiangsi troops and the Kuangtung troops, the latter have captured 300 rifles, 5 big-guns, 10 machine-guns and 100 cases of ammunition. There were also several hundred casualties on the part of the Kiangsi troops.

On the middle front, the combined Yunnan and Kiangsi troops under General Li Lieh-chun, belonging to the expeditionary forces of the South, after capturing Nananfu on the morning of May 26, have despatched a portion of the combined troops to a point behind Hsinfeng with the object of besieging the Kiangsi troops in that district.

(Reuter's Pacific Service)

Peking, May 28.—A mandate issued last night appoints General Tsai Chen-hsun Commander-in-Chief of the Kiangsi reinforcements.

General Tsai will leave shortly for Kiangsi with his own command the Chihli first Division, and a division of the Yichun commanded by General Chang Tehshang.

After his arrival in Kiangsi, General Tsai will take over and reorganise the Kwangsi forces on the border of Kiangsi.

(Reuter's Pacific Service)

Peking, May 26.—After some ten months of military domination by Kuangtung troops, Kuangsi would appear to have thrown off the grip of Canton and to be once more asserting its independence. Incidentally the influence of General Lu Yungting promises to be very strong in the new regime. His former officers are taking control in nearly all the important centers of the province while one of them, General Lin Sho-ting, is reported to have been chosen as commander-in-chief of its armies.

At Kweilin, General Liu Houtang is in command, at Nanning, General Lin Hu, at Lungchow General Feng Tsai-fen, at Sungchow General Liu Li-w'ao, at Pingnamyun General Lu Yung-k'uei, and at Wuchow General Ma Ti-shen, while General Lin Shuting is at Liuchowfu.

This independence movement in Kuangsi is reported to have alarmed Dr. Sun Yat-sen who is now anxious to bring about a reconciliation with General Chen Chiung-ming, and appoint him Super-Tuchun of the two Kuangs in order that he may suppress it.

The presence of some 14,000 of General Chen's troops in Canton also may be having its effect on Dr. Sun's attitude.

(Reuter's Pacific Service)

Peking, May 25.—General Li Lieh-chun is making a little progress in his campaign against Kiangsi. General Li is in command of the center column with General Hsu Chung-chih on the right and General Wei Pang-ping's force on the left.

General Li is marching on Nananfu but has not yet reached that city. General Hsu is reported to have occupied Lungnannsien, while General Wei Pang-ping's command is heading in the direction of Lungchuan.

Most of the Kiangsi troops are in position to check a movement from the south-west, but they are now moving southwards to meet the altered course of the invaders. The main Kiangse force is at Kianfu. Practically no Kiangsi troops have been left at Nanchang.

General Wei has recently been in Canton and General Wang Tahwei is commanding his troops during his absence from the field. General Chen Kuang-yuan is getting anxious over the invasion, but it is expected that General Wu will send his reinforcements before any real threat is offered to Nanchang.

Astor "Pavilion," Finely Refinished, Opens Tomorrow

The summer pavilion of the Astor House will open tomorrow night, according to an announcement by the management. Shanghai dancers will be pleasantly surprised to learn that a new parquet dance floor has been added to the attraction of the pavilion, and that the Astor House court has been closed in with a glass roof, making the place weatherproof. The new floor, which is of oak, has been pronounced the best dancing floor in the East. It is made of oak strips, placed edgewise, and brought to a mirror like finish by the aid of electric machines.

Tea dances will be held every afternoon from 5 to 7 and dinner dances nightly after 9:30 o'clock.

In addition to the new floor, the pavilion has been enclosed by a decorative concrete wall, which will be festooned with colored lights. All these attractions, with Earl Currens' jazz orchestra will undoubtably make the Astor House pavilion one of the most popular summer dancing places in Shanghai.

Silk Company To Be Dissolved

(Reuter's Pacific Service)

Tokio, May 22.—The Imperial Silk Company established some time ago to assist in regulating the price of silk will, it is said, be dissolved this year, probably in the autumn. It is now proposed to organise a Silk Bank which shall carry on the work of the Silk Company and for that purpose the Government will shortly consult with representatives of the silk reelers.

Japanese Hope To Found Colony

(Reuter's Pacific Service)

Tokio, May 20.—The business men's mission to South America, organised by Mr. Inouye, President of the Bank of Japan, Mr. Toyoji Wada and other prominent business men of Tokio, has in view, according to the promoters, the establishment of a colonial development company. The Government intends, it is said, to bring the long pending emigration question to a satisfactory settlement through this organisation.

Japan Planning Tunnel To Siberia

(Reuter's Pacific Service)

Tokio, May 20.—It is reported that the Oji-Shimonoseki Channel tunnel construction will be taken in hand this summer, and will be completed by 1929, at the estimated expenditure of 18,000,000 yen. The tunnel will be four miles in length.

ASIA LIFE INSURANCE COMPANY EVERLASTING HIMALAYAS INCORPORATED

Just Between Ourselves

(No. 4 of a series)

"I know I should carry more life insurance, but I want to pay my present debts first."

"THAT'S a fine idea if you live; but if you were to die beforehand, would your creditors be paid? Of course you will pay if you live. Make certain of it if you die. Life insurance has been paying the debts of honest men for a number of years, and we wonder if you would not like us to guarantee to cancel yours if you have not been able to pay them off before your death. Also, you probably wish to pay off your oldest obligation first, don't you? The debt to your family is the oldest obligation. Sufficient life insurance will provide for it."

"The Purse Strings"

Congratulations are hereby extended to the B. W. A. Dramatic Section upon its entry into the local field of theatrical production.

For "The Purse Strings," presented at the Olympic Theater last night, there was a nicely filled house in attendance, a house which waxed in enthusiasm as the play went along.

The first act of "The Purse Strings," it might be mentioned was a bit wasted, particularly in the early parts, on account of the difficulty of hearing some of the characters, but later there was a tremendous improvement and there is no doubt but that the production was worked up to a fine climax and well deserved the hearty applause and the many curtain calls accorded.

There were two outstanding characters. Undoubtedly Mrs John Snodgrass, in the part of Mrs. Wilmore, gave a presentation which thoroughly delighted all. Her elocution throughout was most appealing and the whole portrayal was of the best. Captain John Snodgrass in his delineation of the part of John Wilmore carried the role through in breezy style, with admirable presence and got everything possible out of the lines and situations. Mrs. Churchill Knight, as Mrs. Bentley, was a little indistinct in Act I, but looked exceedingly pretty and wore some delightful frocks and her voice showed steady improvement as the piece went on. She showed a nice sense of character.

Mr. Jenkinson also had the fault of an indistinct voice in the early stages of the play but in Act II where he has his great scene and is called upon to practically shoulder the whole production his work was worthy of sincerest congratulation. Mr. Seddon gave the audience an idea of what he might do in a bigger part. He has a nice voice and a fine stage presence. Miss Bunty Richardson, "Susan," would doubtless be "fired" as a maid after a brief period of service. But her performance, if aggressive, was charming to watch.

The settings for both acts were artistic and tasteful and the whole production, which was under the supervision of Mrs. Henry Jory, was such as to augur well for the British Women's Association Dramatic Section in its future endeavors.

FOR REMOVING SUPERFLUOUS HAIR.

No woman who has any sense of beauty will deny that superfluous hair is one of the greatest drawbacks to good looks.

Realising this, women of all times have put themselves to any expense, and have endured considerable pain and discomfort in order to rid themselves of this great disfigurement.

Nowadays electrolysis is a prevalent "cure" for this evil, but in reality this process involves a great deal of unnecessary expense, waste of time and pain.

The simplest quickest, and most effective treatment can easily be carried out by any sufferer, in the privacy of her home. This is the recipe:

Procure about 1 oz. powdered pheminol from your chemist; mix a sufficient quantity with a few drops of water into a stiff paste. Apply this carefully and thoroughly to the hair you wish to remove, and allow the paste to dry. In a few minutes it can be gently scraped away. The skin is left absolutely free from hair, and should then be carefully washed in warm water, and if desired, lightly dusted with a little talcum powder. (Advt.)

Hearings Are Resumed In Shanghai Life Action

The claim for two and one half percent of the premium income for a period of 10 years, made in the British Supreme court against the Shanghai Life Insurance company on behalf of one of that firm's founders, King Chun-kee, had a further hearing yesterday. Judge Grain is sitting in the case, which had its first hearing on April 20. Mr. R. G. MacDonald appeared for the plaintiff, the widow of King Chun-kee, while Mr. Duncan McNeill represented the defendants. The hearing at the end of the court day was continued over until this morning.

King Ying-san, manager of a Chinese bank, brother-in-law of the late King Chun-kee, testified to the latter's connection on the board of the insurance company until 1915. Cross-examination however tended to bring out that King Chun-kee had not been on salary since 1905, and that he had been turned off the board in that year. The company had been registered in Hongkong on March 5 of that year and the agreement under which the present suit was brought, it was stated by the defense, was not made until March 10.

Ching Sa-chung who served a clerk in the Shanghai Life company in 1910 and 1911 testified that Mr. R. H. Parker had undertaken to obtain the agreement from the widow of the deceased King, and again in 1918 when the widow attempted to borrow money Mr. Parker had made the return of the document a condition for the loan, he said. Mrs. King at the time was managing director of the New World.

Mr. McLean for the defendants said that the plaintiff thought she had a prima facie case, and that this rested merely upon the production of a deed in Court. It seemed to him that the production of such a deed to support a claim of such a nature would render the plaintiff an object of suspicion in any Court. When a deed so old as that which the Court had before it was presented, any Judge would be struck that this deed may have been treasured by the deceased with several different and expired classes of documents. On the other hand, it might have been with other expired deeds. His Lordship had heard of documents having been handed over to the plaintiff by the deceased. People did keep valueless and expired leases and documents, and Mr. McLean asked the Court to consider that likelihood.

Mr. Parker in his evidence before he left for America stated that the deed was cancelled. King Chun-kee was actually in the employ of the China Mutual Life Insurance Co. Counsel asked what chances there would have been for the deceased if he had come in 1908 and made such a claim. The answer would have been: "It is cancelled and you knew it when you went to the China Mutual. You knew that it was a rival company. You dare come and say you have to get 2½ percent premium and you are working for the China Mutual Life!" Counsel submitted that had the deceased made such a claim in 1908 in this Court he would have had no possible chance on an agreement of that kind. He would say that the agreement ex hypothesi was extremely badly drawn up. In the agreement the words "raised" and "to be raised" occurred, and counsel felt that it was part of the duty of the Court to give the correct rendering to public documents. Paragraph two stated that in consideration of the three parties raising the capital to assist the company they would receive a certain commission.

Mr. Parker's explanation seemed to carry conviction. Mr. Parker stated in Court that these people had rendered services. They knew a number of Chinese and they got them to take shares in the Company. The first thing when an insurance company is started is to take steps to see that sufficient money is raised before the company starts work. The China Mutual was started eight years ago. Mr. Parker and Mr. Wattie became bitter enemies and Mr. Parker separated from Mr. Wattie, as there was much antipathy between them. It was a desperate expedient, counsel thought, for Mr. Parker to start a new insurance company in the face of the competition of the China Mutual. This agreement offering the deceased 2½ percent premium did not have the effect of raising Tls. 100,000, which was Mr. Parker's intention. At the end of December, 1905 the company had Tls. 7,000 to meet any possible loss that it might incur. It was this consideration that Mr. McLean asked the Court to bring to bear on the disputed paragraph in the agreement. Would King Chun-kee have had a better or worse chance if he came in 1908 or if he came in 1922? It would be noted that there had been a delay of 14 years. No lawyer seemed to have been consulted until 1917. Mr. Israel would tell his Lordship that when that letter was written by Mr. Godfrey on behalf of the plaintiff he went round to see him.

Apparently not satisfied with Mr. Israel's explanation, Mr. Godfrey wrote again, and Mr. Israel this time went round with the minute book to show that at a board meeting the agreement was cancelled. It was true that Mr. Israel suggested arbitration as no insurance company desired to figure in a law court. There was something in that delay and he maintained that some explanation should have been forthcoming from the plaintiff's side. Interviews were not without interest. Mr. Parker denied that he had the interview in Mr. Sutterie's office. Mr. Parker had told the Court that Mr. Sutterle was in Shanghai. Why did not the plaintiff call Mr. Sutterle? It was certainly not the duty of the defendants to do so.

When the deceased died there was a considerable amount of mortgages outstanding. The plaintiff admitted that the house had to be sold because the Shanghai Life threatened to do so.

Counsel divided the delay into three periods. At the time of Mr. King Chun-kee's death the estate had to pay something like Tls. 80,000, although the plaintiff in her statement said it was Tls. 60,000.

The further hearing of the case will be continued today.

Lumbago.

This is a rheumatism of the muscles of the back. It comes on suddenly and is quite painful. Every movement aggravates the disease. Go to bed, keep quiet and have Chamberlain's Liniment applied and a quick recovery may be expected. Mrs. F. J. Dann, Brockport, N. Y., writes: "I can honestly say that Chamberlain's Liniment cured me of lumbago a year ago last summer. When I began using it, I was flat on my back in bed and could not turn to the left or right. I had a bottle of Chamberlain's Liniment in the house and this was applied to my back. It promptly drove away the pains and aches."

SEAMEN'S UNION OPENS BRANCH QUARTERS HERE

Hongkong Delegation Aim At Unionisation Of 300,000 Sailors

Three hundred thousand Chinese seamen, including thirty thousand working out of Shanghai will soon be linked up in a solid union, if the efforts of a delegation of the organisation from Hongkong, now in this city, have any result. The union leaders from the south have already drawn up articles for organisation here, with the assistance of Mr. P. W. Goldring, and have submitted them to the Municipal council with a request that a local headquarters be authorised.

The delegation from Hongkong is composed of Messrs. Lam Waiman, Chung Shin-pang and Luk Sheung-kai. The first-named has already assumed the title of President of the Chinese Seamen's Union in Shanghai. Offices have been opened at 163 Broadway, and a mass meeting will soon be held to inaugurate the Shanghai branch.

It is estimated that there are 300,000 Chinese seamen, of whom 50,000 are Cantonese. Thirty thousand men, it is said, work out of Shanghai, and to these the union leaders look for their support.

No difficulty over wage scales is expected at the present time, as Shanghai ship owners met the increases granted at Hongkong at the conclusion of the strike there.

The aim of the Chinese Seamen's Union is to establish branches at Shanghai, Hankow, Tientsin, Singapore and other important ports.

"Before the Chinese Seamen's Union came into existence," said Mr. Lam, "there were frequently cases of misunderstanding between the Chinese seamen and their employers, and through misunderstanding friction was unavoidably created. There were, for example, numerous instances in which the seamen signed their papers of service. All that they knew was that the papers bore their signature. They had no knowledge of either the nature of the work they were required to do or the terms and conditions.

"When troubles arose, cases, which could have without difficulties been privately and amicably settled, were referred to the police courts, and irritating measures were at times unnecessarily resorted to. The Union does not merely content itself with seeking to promote the welfare of the seamen but it has at the same time taken upon itself the arduous duties of assisting the seamen to have a good knowledge of their responsibilities and to live up to them. The Union has more than 20,000 members and the enrolment of new members is steadily progressing. The good offices of the Union have been found helpful in the satisfactory settlement of disputes either between the shipmasters and the seamen or between the seamen themselves."

The movement for the redemption of the Shantung railway was launched here Sunday with a mass meeting and parade in which local schools and 8,000 people participated. The procession started from West Gate to the place of meeting near the barracks in the vicinity of the Shanghai-Hangchow railway. Thirty thousand dollars is set for the sum to be realised in Shanghai. Dr. David Z. T. Yui and others gave addresses supporting the drive. The chief point in the appeal was that the people of China should own the railway, and that every dollar contribution gives the donor a shareholders' interest in the property, and that Shantung's redemption meant the redemption of China.

Sea-Sickness Can be Prevented!
No Drugging—No Unpleasant After-Effects.

An appreciative doctor wrote:—

"Lady——was placed under my care for the voyage Home. I could not accept any responsibility as I considered she was in great danger from haemorrhage should she vomit. She had always been a very bad sailor. As a precaution she was given two capsules of 'KIRBY'S SEA-SICK CURE' immediately she went on board. We got into rough water shortly before midnight, but Lady——had an undisturbed night's rest. She took one capsule half-an-hour before dressing. She had breakfast in the dining hall, and assured me she had no sensation of nausea or sickness. Although we had rough weather for five days, and at other periods of the voyage, she was not sea-sick. There was no nausea of any kind, and the remedy produced no after-effects."

LOCAL RIFLEMEN BEAT LONDON CITY CLUB BY SCORE OF 942 TO 922

Also Make A Record Score Against North London Rifle Club

A rifle m ch between two teams representing the Shanghai Rifle Association and The City Rifle Club, London took place at Rifle Range on Saturday at noon. The London Team fired at Bisley on the same day. The result was a win for Shanghai by 20 points having compiled 942 to their opponents 922, according to wire received yesterday.

Last year, when the first match with the City Club was fired, Shanghai won by 35 points (948 to 913). This year the Committee of the S.R.A. decided to try some of the younger shots in this match, and as will be seen from the results below, this decision has been justified by results.

Following are details of the scores made by the Shangha Team.

SHANGHAI RECORD SCORE

The match Shanghai Rifle Association vs. The North London Rifle Club, London was fired at the Rifle Range yesterday at 7 a.m. The Shanghai team compiled a record score of 978 points. The score made by the North London Rifle Club will be cabled to Shanghai as soon as it is fired. Although the North London Rifle Club is the "crack" rifle shooting club at Bisley, they number among its members most of the prominent shooting men at home, it is considered that they will have to shoot extremely well if they are to beat Shanghai in this match.

The Shanghai team fired under good weather conditions. There was a gentle wind blowing from the Southeast, and at the 600 yards range this wind caused a certain amount of trouble by varying in strength. The light throughout was steady.

Messrs. F. E. Hodges and W. T. Rose acted as Umpires for London and Shanghai respectively. Marking and scoring was carried out by Naval Ratings at both matches.

Following are the details of the score made by Shanghai:

Sporting Editor's Letter Box

Sporting Editor: THE CHINA PRESS

Sir.—I notice that the Amateur Baseball Club is not building stands for the press this season. From the looks of the structure which has taken so long to build and is available to members later this season than any other, it appears that the press stand was originally intended but that the committee later decided to eliminate this feature.

No one will protest this perhaps except the newspaper men. Anyway it is not an American national characteristic to "write a letter to the newspapers."

However as a long resident in Shanghai, my communication is natural, and as a longtime member of the Baseball Club, I feel that I can kick.

Up to the time the press stand was built, it was the favorite 'indoor' sport in the grandstand to watch the players hover around the newspaper men and crab at writeups or boost for hits.

If the stands did nothing other than to eliminate this, they were justified.

I do think, too, that the newspaper men should be allowed a place to work as they are everywhere else in the world and have been here.

Why build the stands and then tear them down?

Possibly the Club will save $50 by eliminating the press box. I think that the money is well spent. I believe the men who write the sporting pages and keep up the interest in the game and boost the membership campaigns season after season should at least be helped to do their work well.

Yours for the press.

Six Boats Compete; Haven, Corsaire And Violet Divide Honors

The Shanghai Yacht Club opened the season with a most successful cruise on Sunday, there being a good steady sailing breeze throughout the day. The fleet left the Bund at 10 a.m. on a course up river led by the Commodore, Mr. E. T. Byrne, in the "Violet" and the Vice Commodore, Mr. T. Mellows, in the "Haikuan," followed by Mr. H. E. Middleton, Hon. Secretary, in the "Haven." Among other boats taking part were the "Dorothea L." Mr. Chas. E. Lintilhac; "Eva," Mr. R. L. Sarjeant; "Monsoon," Messrs. Krogseth and Martin; and "Corsaire," Mr. C. F. Gram.

The Flagship Foam was towed to a rendezvous in the Pagoda Reach and, on coming up with her, the various yachts berthed alongside, owners, members and guests, among whom was Mr. A. I. Anderson, a life member and past Commodore of the Club, going aboard, when the usual formalities were gone through. The yachts meanwhile were "dressed over all" making the scene a very gay one. PASTOR FREEMAN OF COMMUNITY CHURCH TO LEAVE

Goes Home Shortly; Name Committee To Select Successor

For this Summer and Autumn the Community Church, the pastor of which is returning shortly to the States, will revert to its former mode of procedure in the matter of preaching, according to announcement at the annual meeting held last night at the Navy Y.M.C.A.

The matter of selection of a successor to Dr. Luther Freeman, who is returning to America, is to be left in the hands of a committee of Shanghai men in America, but for the present, it is announced, the Sunday services will be as they were before a regular pastor was introduced.

Local and visiting speakers will be asked to address the meetings and the previous "song service" basis will be adopted pending the outcome of the committee's deliberations. The committee named to take the matter up consists of Mr. F. R. Sites, who is leaving for the States soon, Mr. M. T. Stauffer, Mr. Robert Dollar, Mr. J. Harold Dollar, and a few other local business men who are at present in America.

The meeting last night, which was preceded by an excellent dinner, was largely attended and a gratifying interest was shown in all of the business taken up. A new governing board was elected, to be composed of the following: Mr. J. L. Black, Mr. C. W. Petitt and Mrs. W. W. Peter—of the previous board—Dr. J. C. McCracken, Dr. J. B. Fearn, Mr. A. Q. Adamson, Mrs. W. W. Lockwood, Dr. W. G. Hiltner, Mr. Christie—who are to serve for two years—Mr. C. L. Boynton, Mr. G. T. Challoner and Mrs. Lavers—who are to serve one year.

With regard to the financial status of the church it was announced that the assets and balance on hand, available until the financial year ends next November, amount to $11,332.46. The total amount of pledges for the 1921-1922 year was Mex. $15,000 and G.$1,820, convertible at 2 for 1 and making a grand total of Mex. $18,646.20. The weekly collections thus far total $7,314.74.

There was a program of songs and a pleasant little ceremony occurred when Mr. F. R. Sites, retiring chairman of the governing board was presented with a book to take as a souvenir when he leaves for home. Eloquent tribute was paid to Mr. Sites' untiring and able efforts as chairman when the presentation was made.

STEVENS GOING HOME

Frederick R. Stevens, representative of the American Group in the Consortium, leaves Shanghai tomorrow morning on the Pacific Mail steamer President Wilson, en route to New York. Mr. Stevens expects to be back in Peking in September or October.

KIANGNAN DOCK LAUNCHES FIFTH UP-RIVER VESSEL

Sen-Ji Is Fourth Built For Japanese Firm This Year

The steel twin screw passenger and cargo steamer Sen-Ji for the Ichang-Chungking service was launched yesterday afternoon, from the yard of the Kiangnan Dock and Engineering Work.

This makes the fourth vessel launched this year for the same owners, Messrs. Tenge and Co. of Japan, and in all five vessels for Japanese interests. The launching ceremony was performed by Mr. Ogawa in the customary Japanese manner.

The following are brief particulars of the ship's construction: The vessel is subdivided into many watertight compartments. Passenger accommodation is provided for 56 first-class passengers, 80 second-class passengers, 100 third-class passengers and 200 steerage or deck passengers. The dimensions of the Sen-Ji and her sister ships are as follows: Length overall, 205'-0"; breadth extreme, 33'-0"; gross tonnage, 1,050 tons; speed, 15½ knots; I. H. P., 3,500.

The machinery installation consists of two sets of high speed tri-compound engines of 3,500 I. H. P. and steam is generated by two Thornycroft boilers working under forced draught and a pressure of 250 lbs. per sq. inch. The following auxiliaries are fitted: one Weir Mona type aid pump; two Weir feed pumps with surface feed heater; one Weir evaporator; independent circulating pump; two electric generating sets; auxiliary steam pumps for general service, fire and salvage; one steam warping capstan adapted to warp over rapids if necessary; steam and hand steering gear of builders' design for this special service.

The whole of the machinery and hull were built under special survey of the British Corporation for the Survey and Registry of Shipping, and has the Corporation's highest River Classification and also complies with the Teishinshō Survey.

After the launching ceremony, refreshments were served in the reception room and success was drunk to the new ship amid hearty "Banzais."

Exchange Fluctuations

Asia Banking Corporation

May 29, 1922

Spot and forward bar silver were each down ⅜d. in London on Saturday.

The New York price declined to 71½ cents, and the London-New York cross rate is unchanged at 445⅛.

The official rates this morning were unchanged from Saturday, but as the market was weak at the opening, the Sterling T.T. rate was subsequently dropped 1-2., the Gold Dollar rate one point, and the other rates changed in proportion. Later in the day, however, the market steadied up, and in the afternoon, the official Sterling rate was raised to 3-7 and all our rates made the same as those ruling on Saturday.

While in the morning Sterling T.T. was done as low as 3-6½ and Gold Dollars at 78¾, in the afternoon here were sellers of Sterling at 3-7 for any delivery up to July, and of Gold Dollars at 79¾.

The market closed on the firm side with sellers at these rates.

The market in London is reported as closing steady, with China a buyer at the close.

New York report their market as steady, with no sellers at the official quotation.

Clemenceau Firm For Just Peace

(Reuter's Service)

Nantes, May 28.—M. Clemenceau in the course of a speech at a banquet given here in his honor today said that the same people who thought France incapable of victory in the war were now accusing her of wishing to reopen the war. He declared:

"We do not desire war. We desire peace but we are able to wage war and will have no dishonorable peace. We shall not abandon our Allies but they must not sacrifice our interests to the interests of others.

"France is doing her utmost to maintain peace but there are limits beyond which we cannot go."

Memorial Day

AMERICA consecrates one day of each year to her battle dead.

With the years of ripened nationhood this day of mourning has become a cherished tradition. In outward observance a flag shall cover the grave of every soldier who died for the republic. Flowers will make fragrant the memory of his supreme act of duty. And the Last Post will sound again, as it has every year since he was buried.

One may wonder what the millions of Americans think today, as they casually honor the graves. There is the tribute ever due the brave. There is the sense of personal loss when an old living soldier comes to the grave of a war comrade. There is more. The American people have set aside this day to remember that the heritage of a free land and a people's government is not a gift from heaven, not a sudden mutation in politics, but a slowly evolved crown from the struggle step by step up the pyramid of blood sacrifice. For this they honor their soldier dead.

The act of remembering brings back the picture of the Minute Men of 1776, the few determined Englishmen who showed England that the Anglo-Saxon principles of toleration and justice were not lightly to be crushed by a stupid king and an overbearing Parliament. They declared for a definite cleavage from the past of feudalism, in which the American colonies were but fief to the British crown. The effects of that cleavage cannot yet be measured.

Americans also think today of the useless war, which had to be fought in 1812 to prove to the mother country that Yankee sailors must be immune from the press gangs of the British navy. They think of the Texan Rangers, and remember the Alamo. Feelings not untouched by bitterness come in remembering the Civil war, when the great powers sought to enlarge the wedge separating the North from the South, and thereby destroy the Union, and make two impotent states of one virile nation. And not least in memory of the nation is the rescue of Cuba from the cruelty of a European power, whose remnant of sway was the last vestige of feudalism in the Western hemisphere.

In the cemeteries today from Romages to Arlington and even Bubbling Well, are men returned from the great fight in Europe, when the dramatic clash of eternally opposed forces made the most stirring episode in the history of mankind. America was hampered by her tradition of aloofness from European politics. When the realisation came that the battle was for the same principles for which America had given her sons in the past the die was cast. The world witnessed the spectacle of a young nation of boundless wealth and unlimited manpower prepare within one year, rousing to battle eight million soldiers of whom only one-fourth reached Europe. From that war, too, there are memories.

In the historical sense this day glorifies the eternal vigilance which is the price of liberty. Each soldier whose grave is honored died for a cause—world republicanism. Self-government was but a spark in the Athenian *demos*. That spark glowed faintly for a time with the stimulation of the Roman *vox populi*. And then came eighteen centuries of imperial magnificence and feudal despotism, until 1776, when the embers which smoldered in the heart of man burst into the glory which is freedom's holy flame.

In honoring the American soldier dead today it must be remembered they fought for the Anglo-Saxon heritage, of which the Magna Charta, the Petition of Right, and the American revolution were the important expressions. That heritage is the instinct of people for self-government. From the American colonies it spread over the earth. It gave impetus to the French revolution, which wiped the slate of wrong with a cruel, obliterating hand. South America followed, setting up republics where viceroys of distant kings had ruled for three centuries.

Among the recent expressions of self-government is Cuba, whose fostering by America is perhaps the one disinterested act on record of international relations. A decade ago the republican spirit came to China. The revolution has not been a complete success, but events happen with a breathless swiftness, and the immense country is undergoing change. The burden of the proof thus far is that the republican idea can be adjusted to the old East as well as to the young West. And China, old in her ways, but new in republicanism, has the intense sympathy of America.

More recent still are the numerous republics born of the war, marking the triumph over feudalism. They begin nationhood when the world is shaken by economic chaos. They may prosper. There are hopes too that Russia's colossal experiment will result in some form of republicanism. A sympathy must go out to the Russian people, who are done with Czarism forever, and groping and stumbling, through famine, pestilence and revolutionary fire, toward the light.

It may thus be truthfully said that America has kept a good faith compact with her dead, has guarded the golden fleece against reaction as against anarchy, and preserved the high principles for which her soldiers fought in 1776 as in 1917.

Since the great war a stronger spirit of world concern has come to the nation. The slogan "America First" answered well when the purpose was to make the country economically secure, to build a new world from wilderness and prairie.

Today there is a persistent call from a stricken world for America to take greater responsibilities. Students of international affairs tell us that the call will be answered, but on America's terms, which are reconciliation of opposing nationalisms, non-aggression, open doors, open diplomacy, and other republican standards. To consumate that end Britain is now clearing the way. Through the acts of sagacious leaders American republicanism will continue to be a torch to light the way to the new order, to which the whole world is spinning down the grooves of happy change.

Thus must America remember her battle dead, who died for the principles which most other nations now accept as America's contribution to civilisation.

Whooping Cough.

This is a very dangerous disease, particularly to children under five years of age, but when no paregoric, codeine or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take.

God Considers Our Hearts, Not Our Sex, Declares Lady Astor

Baltimore, April 22.—Lady Astor, the attractive and vivacious little Commoner from Plymouth, Great Britain's first woman member of the House, arrived here this afternoon from New York to participate in the Pan-American Conference of Women.

The 2,000 delegates and alternates, representing more than a score of South American countries, were just finishing their three days' sessions preparatory to devoting themselves to pleasure and rest until Monday, when the third annual convention of the National League of Women Voters opens. It was this organisation which brought Lady Astor to America.

The sprightly M. P. burst upon the meeting in Hotel Belvedere just in time to listen to one of the surprises of the session. This was an announcement by Mrs. Carrie Chapman Catt, president of the International Woman Suffrage Alliance, who presided at the round table discussion on the political status of women, that not only was the late Pope favorable toward the suffrage cause but that the present head of the Catholic Church had sent to a suffrage club in Serbia his blessing.

She said she gave this message to the conference because she did not believe the Catholic Church would impose further obstruction to suffrage in the countries of this religious faith. She stated that while the late Pope was not opposed to granting women political freedom, he requested that his message of indorsement be not extended because it might divide the church.

Mrs. Catt declared that the votes for women movement had gone around the world and come right up to the gates of the Latin-American countries whose people belong to the Catholic religion, and that they must now carry on the campaign. She assured them they might do it without fear of Papal displeasure.

LADY ASTOR ASSENTS

Lady Astor, who leaned forward to catch every word uttered by Mrs. Catt, sounded the same note to the Catholic women when it came her turn to address the delegates.

"I cannot for the life of me see what having the vote has to do with religion," she said. "All men and women are born equal—it's the saving grace of religion. I'd like to think there is a God who looks into our hearts, not our sexes. There are a great many Catholic men in England who are for suffrage. You've got to push somebody out of the way if you are ever going to get on. No one is trying to divide the church, and I do beg Catholic women to explain the movement in this way."

Lady Astor was accompanied from New York by her husband and Mrs. Alfred Lyttleton of London. From the minute she jumped off the train and faced a reception committee of women from the conference, a battery of cameras and a band of reporters she sparkled with joy and enthusiasm, so glad was she again to be on Southern soil near to her Virginia home, which she has not seen for more than eight years.

Her progress to Hotel Belvedere was a triumphal procession and her appearance at the gathering evoked a storm of applause. The 2,000 women cheered, clapped their hands, jumped up on chairs and some burst into regular Indian war whoops that must have sounded truly American to the Viscountess.

"Say something pleasant about Baltimore, Mrs. Astor," a photographer urged at the train and the Viscountess made a little speech, the burden of which was lost in the noise of the train pulling out of the station.

She was standing with her back almost against the car and others jumped quickly away. The undaunted and plucky little commoner held her position before the camera without ever battling an eyelid.

"You see," she said, "it didn't bother me a bit."

She wore a dark blue one piece crepe dress heavily embroidered in dark blue silk around the hem, a dark cloth coat with broad ermine collar and cuffs and a chic tricorne hat of dark straw with two white quills at the right side.

"MY BEST DRESS"

"Is that your House of Commons dress?" a reporter asked her.

"My, no!" she exclaimed. "This is my best dress. My House dress is a dark tailor suit with white collar and cuffs."

When the reception committee escorted Lady Astor to the convention a South American delegate was speaking and the distinguished visitor from England said, "Sh-sh-sh!" holding a finger to her lips. She insisted on remaining at the back until the speaker finished and until Mrs. Catt invited her to come to the platform.

The reception committee included Mr. and Mrs. John W. Garrett, whose guest she and the Viscount will be during her week's stay; Mrs. Wirt Dexter of Boston, mother of Mrs. Stanley McCormick, one of the League of Women officers; Mrs. Charles E. Ellicott, president of the Maryland League of Women Voters; Mrs. Sidney M. Cone, Mrs. Charles E. Woodruff and Miss Adele Clark, Miss Roberta Wellford and Mrs. Westmoreland Davis, all of Richmond. The Baltimore and Ohio Railroad had decorated the train shed with American flags and the blue and gold of the league. The committee was permitted to go to the car in which Viscount and Lady Astor occupied a drawing room.

Mrs. Catt officially recognised the arrival of Lady Astor by announcing that she was in the back of the hall and said: "I am particularly glad she has arrived at this particular moment, for I have something to say and I'd have to turn my back on the audience if I hoped to get any attention from the Latin American delegates on the platform, to whom I especially wish to speak. So I invite the audience to take a full look at Lady Astor when she comes to the platform while I make my address."

ELECTRIFIED DELEGATES

Lady Astor was seated between Mrs. Maud Wood Park, president of the National League, and Mrs. Richard Edward. Then Mrs. Catt launched into her Catholic statement, which electrified the delegates as no suffrage statement has done in years.

"A little lady of Serbia, Miss Anna Christitch, during the war, went to Rome and had an interview with the Pope," began Mrs. Catt. "She told him about the movement among Catholic women in London for the vote. The Pope gave the organisation his blessing; he announced it, and the papers spread the news broadcast. Then a Catholic churchman in high standing in this country communicated with the Pope and asked who this faking woman was who dared to say his Holliness believed in women suffrage.

"The Pope wrote to this Serbian woman explaining this his blessing of the Catholic Woman's Association in London might cause a division in the Church and that he preferred not to extend his message.

"One thing we need at this time," Mrs. Catt continued, "is the enfranchisement of the Catholic women. Take this word to the Catholic nations: Not speaking directly to the Latin Americans, many weeks ago, after the new Pope came to Rome, this same Catholic club applied to him for an indorsement of the suffrage movement and their work—the papal indorsement is not the same as that of a political head would be—but he nevertheless did send to that club his blessing.

"POPE DOES BELIEVE IN IT"

"I have heard since I came here that the Pope sent a message to Quebec, where a suffrage campaign is on, that he did not believe in suffrage. That is not true. There is a Cardinal or Bishop there who does not believe in it, but the Pope does believe in it.

"I give you this message because I believe the Catholic church will not impose obstructions to the advance of the suffrage movement in Catholic countries. The countries which have given women the vote are Protestant and in countries where Catholicism predominates women have not the vote, either full or partial. The Catholic church hitherto has exerted strong opposition to the suffrage movement. The Pope has sent his blessing to this London group, which has maintained its organisation to carry on suffrage activities in Catholic countries now that England has granted women suffrage.

"The suffrage movement has gone all around the world and has come right up to the Southern races, the Latin races, that belong to the Catholic religion. The work is now for you to do. And you do in South America can help it along by having a Pan-American conference. We'll all come, and I'm sure Lady Astor will be along. Won't you, Lady Astor?" turning toward the little M. P.

"Yes, I'll go," she replied, and the delegates burst into tumultous applause.

Mrs. Catt announced that Senora Clelia Paladino de Vitale, official delegate from Uruguay, which country the delegates had called "Utopia," because of its excellent laws and recognition of women as the equals in many ways of men, will take back to the President of Uruguay a letter of congratulations for the advancement of his country and a word urging him to make haste in order to be the first country of South America to enfranchise women.

"After your speech, Lady Astor," Mrs. Catt continued, "you are to withdraw and be interviewed by this host or reporters, numbering something like a million. You remember the story of Daniel in the lions' den? I believe he did come out alive. So there's a chance for you."

Then Lady Astor stepped forward in her enthusiastic and friendly way and the hall became a place of deadening noise.

"I should like to tell the reporters," bending toward the long press table, "why I am here," she began. "It's because women have the vote. I think it's a disaster that the talents of so many fine women are hidden in a two room cottage instead of the House of Commons. It's entirely on account of the work of those splendid women that I am able to be here today and to carry on their work. I want none of you to forget the splendid work the suffragettes did in England for women all over the world.

WINDOWS SMASHED FOR HER

"There was an editorial printed saying that Lady Astor did't smash windows. Lady Astor didn't smash windows because it was done for her. You mustn't forget those pioneers. I know what it is to be in prison. I look back at the vigor and force of those women with apologies. Fame and glory do not come to the real women who do the real work. They never get any thanks. People like me come on and get the fruits of their work.

"Why do women go to prison and suffer for a cause? I don't believe that any right minded woman likes notoriety. I truly don't. Yet they are willing to suffer notoriety for a movement because their hearts are in it. Some day the world will understand.

"Any one who thinks that suffrage is going to cause a religious division is wrong. I do beg the Catholic women to explain it that way.

"I heard some one tell about state regulation of vice. It's a most appalling thing. Women, you must have the vote and you ought to fight to get it.

"I beg the reporters to remember there is no greater believer in woman suffrage than I. If the women of Uruguay had the vote, the world would be different. Having this vote without using it is like having religion without using it."

Then Lady Astor descended from the platform while the delegates cheered to the echo and the Viscountess talked with half a hundred reporters.

"Are you going to see the President?" some one asked.

"I hope the President is coming over here," she answered from the top of a table to which she had been lifted. "The highest men in one land should pay attention to the highest woman in the land. That's what this National League of Women Voters are."

Karan Rubber Estate Co., Ltd.

The twelfth annual general meeting of the shareholders in the Karan Rubber Estate Company, Limited, was held yesterday afternoon at the office of Messrs. A. R. Burkill and Sons, 2 Canton Road.

In his annual address to the shareholders, the chairman said:

"Gentlemen: The report and accounts having been in your hands for some time, I will, with your permission, follow the usual course and take them as read.

"As you are aware, the year under review has been a most difficult one and the effects of the crisis through which the rubber industry is now passing is reflected in the accounts before you.

"In connection with the accounts, there is very little for me to say. With low prices ruling for the major part of the year, a loss on the year's working was only to be expected. The average price received from the sale of our crop was 7d. per lb. against 1-8⅝ for the previous year.

FINANCIAL POSITION SECURE

"The loss on the year's working amounts to Tls. 8,441,90 which deducted from the amount of Tls. 14,255.27 brought forward from last year's Account still leaves us with a credit balance of Tls. 5,813.37 which the Directors recommend carrying forward to next year's accounts. Fortunately our financial position is fairly secure; we have liquid assets amounting to roughly Tls. 40,000 and this should enable the Estate to carry on for several years to come.

"The working of the Estate during the year has continued satisfactorily and costs showed considerable improvement over all previous years. The all-in cost of production for the year under review was 9¾d. being a reduction of nearly 7d. per lb. on last year's figure.

"As regards labor, we have ample for present requirements and the health of the force continued satisfactory throughout the year.

"During the year 2,424 trees were removed, leaving a stand of an average of 77 trees per acre. The principle of thinning out unremunerative yielders was continued and tests of the yielding capacity of every individual tree was taken. On a small portion of the Estate, the average is down to between 30 and 40 trees to the acre and tests of this area have shown a remarkable improvement in yields with corresponding reduction in costs. The work of thinning out will be proceeded with in order that the gradual attainment of around this number of trees per acre is arrived at.

RUBBER OUTPUT

"The estimated output for the current year is 78,000 lbs. This is considerably below last year's figure, but on the recommendation of our visiting agent it has been decided to adopt a more conservative system of tapping. For some time the Estate has been on alternate day tapping on half tree formerly being daily on the quarter. On a considerable area the bark, while thick enough to tap safely without wounding, is slightly on the thin side if the future is to be considered. To meet the situation, our V. A. recommends changing over to one quarter cut on alternate day and the current year's estimates are based on this method of tapping.

"A forward sale of one ton monthly for the whole of 1922 at a price of 43 cents f. o. b. Singapore has been made.

"Before concluding, I would like to take this opportunity of recording the Board's appreciation of the good work done by our Penang agents, as well as by our manager, Mr. Hutchison, who I regret to say has left us to take up the management of a larger Estate. Mr. J. A. Castle, whose work is well reported on, has now taken over management.

"That is all I have to say; if any shareholder has any questions to ask, I shall be pleased to answer to the best of my ability."

RESOLUTIONS PASSED

The following resolutions were passed:

That the Report and Accounts for the year ended March 31, 1922 together with the recommendation as to appropriation of balance at credit of Profit and Loss Account as presented be accepted.

That Mr. E. E. Parsons be re-elected a Director of the Company.

That Messrs. G. H. & N. Thomson be re-elected Auditors to the Company.

Weeks And Co. Have Good Year

Reference to the cabinet makers strike was made by the chairman yesterday at the twenty-second ordinary general meeting of Weeks and Co., Ltd., held at the head offices, 37 Kiangse Road.

The meeting was presided over by Mr. Leslie J. Cubbitt, supported by Mr. H. Martin Little, director, Mr. A. W. Studd, secretary and shareholders representing 2,110 shares.

The chairman's speech was as follows:

"Gentlemen, it is now the hour for which this meeting was called and there is a quorum present, I will ask the Secretary to read the notice convening the meeting and the auditors' report."

This being done, the chairman continued:

"The printed report and accounts for the year ended February 28, 1922, have been circulated to shareholders, and with your permission I will dispense with reading them now.

"Your directors have pleasure in submitting, what they feel sure you will consider a very satisfactory statement of accounts. The volume of busines again constitutes a record, but the margin of profit is less, as selling prices here have had to be reduced following upon the reduction of prices at home.

"Our stocks are still too high but buying conditions have now almost returned to normal and orders can be regulated with more precision both as regards quantity and dates for delivery, so that we are not so much at the mercy of suppliers as was the case for more than two years after the war, and there is every reasonable prospect of our stocks being reduced during the current year.

"The recent cabinet makers' strike has caused a considerable amount of inconvenience and delay in the executing of orders and I would like to mention it was not the result of any employers having refused the demands of the men, for no demand was made either for more wages, fewer hours or the redress of any grievance; they simply downed tools and went out, not all at once, but some each day. If the men have a grievance or want an increase in wages they must make their request known in a proper manner when it will receive full consideration. This is the third strike in a little over two years.

"Last year I said that the directors, with the consent of the trustees, had accepted an offer to purchase the portion of B.C. Lot 52, and buildings occupied by Mr. C. E. Shepherd and the Gas Company's show room, and would use the proceeds to pay off a portion of the debentures secured by B.C. Lot 52, and would possibly make arrangements to pay off the entire issue of 1910, Tls. 200,000.

"That sale has been completed and the purchaser took over possession on July 1, 1921. The whole of the 1910 issue of debentures were paid off, the balance to enable that to be done being provided by the Hongkong and Shanghai Banking Corporation against the security of the debentures.

"The accounts set forth our position very clearly, but I will add a few remarks on some of the items.

"Under Liabilities, the Tls. 200,000 for 1910 issue of debentures have been re-issued in the name of the bank, and the bank overdraft is higher because of the heavy stocks and it also includes the balance obtained from the bank for the redemption of the debentures.

"The reserve account last year stood at $100,000. To this has been added a sum of $10,000, voted at the last annual meeting and a further sum of $2,235.67 being balance of an insurance fund no longer required, making the total of $112,235.67 appearing in the balance sheet.

"Your directors consider it very desirable to increase the reserve account to $200,000 and for this purpose I shall later on propose a resolution to set aside $87,764.33 out of the available balance shown in the accounts, a portion of this sum being derived from the sale of the property.

"Under Assets. The land and buildings of B. C. Lot 52, now stand at $250,816.35 which is considerably less than the assessed value of the land alone; it will not be necessary therefore to write off anything more for the buildings.

"Full allowance has been made for depreciation on fixtures, furniture, vans and machinery.

"Where depreciation is allowed for our stock, it is now shown in the accounts, but the new valuations are taken in the stock sheets, and marked on the goods.

"Sundry Debtors stood at $156,271.16 on February 28, but has been reduced now to a little over $100,000.

"Although the balance at credit of profit and loss stands at an amount which, without any other consideration, might justify the payment of a larger dividend than 8 percent, I am sure, gentlemen, you will agree with the recommendations your directors have made.

"In conclusion I wish to express the directors' appreciation of the excellent work of the staff during the year, and particularly Mr. Peach, who in addition to his own technical duties connected with the factory, acted as General Manager during the absence on leave of Mr. Trueman. I will ask you presently to endorse your directors' appreciation by voting a bonus to the staff.

"I will now propose the first resolution, 'That the report and accounts as presented be passed.' This is seconded by Mr. Little; before putting the resolution to the meeting I shall be glad to answer any questions to the best of my ability."

No questions were asked and the following resolutions were passed unanimously.

That the report and accounts as presented be accepted and passed.—Proposed by the chairman, seconded by Mr. H. Martin Little.

That the available balance be disposed of as follows:

Pay a dividend of 8 per cent for the year	$34,915.20
Write off buildings	22,000.00
Place to reserve	87,764.33
Carry forward to new account	48,456.23
	$193,135.76

Proposed by the chairman, seconded by Mr. H. Martin Little.

That Mr. R. H. Gaskin be re-elected a director of the company.—Proposed by Mr. H. Martin Little, seconded by Mr. A. K. Craddock.

That Messrs. Lowe, Bingham and Matthews be re-elected auditors to the company at an annual remuneration of $600.—Proposed by Mr. J. P. Lowe, seconded by Mr. E. N. Trueman.

That a sum not exceeding 10 percent of the total amount of the annual salaries of the foreign staff of the company be placed at the disposal of the directors for distribution by them at their discretion to members of the foreign staff.—Proposed by the chairman, seconded by Mr. C. N. Caldwell.

CASTORIA
for Infants and Children.
The Effects of Opiates.
THAT INFANTS are peculiarly susceptible to opium and its various preparations, all of which are narcotic, is well known. Even in the smallest doses, if continued, these opiates cause changes in the functions and growth of the cells, which are likely to become permanent, causing imbecility, mental perversion, a craving for alcohol or narcotics in later life. Nervous diseases, such as intractable nervous dyspepsia and lack of staying power, are a result of dosing with opiates or narcotics to keep children quiet in their infancy. The rule among physicians is that children should never receive opiates in the smallest doses for more than a day at a time, and only then if unavoidable.
The administration of Anodynes, Drops, Cordials, Soothing Syrups and other narcotics to children by any but a physician cannot be too strongly decried, and the druggist should not be a party to it. Children who are ill need the attention of a physician, and it is nothing less than a crime to dose them wilfully with narcotics. Castoria contains no narcotics if it bears the signature of Chas. H. Fletcher.
The signature of Chas. H. Fletcher guarantees genuine Castoria
Physicians Recommend Castoria.
"Your preparation known as Castoria I have used for years in children's complaints and I have found nothing better."
JOHN J. LEFFA, M. D., Cleveland, Ohio.
"I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy."
A. F. FISHER, M. D., St. Louis, Mo.
"For several years I recommended your Castoria and shall always continue to do so, as it has invariably produced beneficial results."
EDWIN F. PARDEE, M. D., New York City.
"I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild, beneficial effect and freedom from harm."
EDWARD FARRELL, M. D., Brooklyn, N. Y.
"Your Castoria is a meritorious household remedy. It is purely vegetable and acts as a mild cathartic. Above all, it does no harm, which is more than can be said of the great majority of children's remedies."
VICTOR H. COFFMAN, M. D., Omaha, Neb.
"Your Castoria holds the esteem of the medical profession to a measure which is no other proprietary preparation. It is a safe and reliable medicine for infants and children. In fact it is the universal household remedy for infantile ailments."

AGE is no indication of eye condition. Many aged people do not need to wear glasses, whereas many children need them at an early age.

Sometimes children, otherwise bright and intelligent, are backward in school on account of defective eyesight which is entirely unsuspected.

Let us test the eyes of your children. Be sure that you know whether or not their eyes are all right.
